

LAFOLLETTE NOT ALIGNED WITH ST. PAUL CONVENTION

Progressive Leader Warns Friends of Effort at Com- munist Control

STILL HINTS THIRD PARTY

Opposition by LaFollette Will Not Result in Calling Off Convention, William Mahoning, Chief Organizer of Movement Tells United Press

By United Press.
WASHINGTON, May 24.—Senator Robert M. La Follette today declared he will have nothing to do with the so-called third party convention at St. Paul, June 17. He urged his friends to stay away, giving as his reason the participation in the St. Paul convention of Communist organizations.

At the same time the LaFollette made it clear that after both old party conventions have been held, unless one or both shall "purge" itself of evil influences" and name truly progressive candidates, an independent presidential ticket and platform will be offered to the voters. This is taken to indicate that at a conference of progressives of all parties in Cleveland July 4, Senator LaFollette will take the field for a nation-wide

"I have your letter of May 17, saying that many of my friends in Wisconsin are anxious to know my attitude toward the 'Farmer-Labor-Progressive convention' called to meet at St. Paul, June 15.

"I should not feel it incumbent upon me to declare my attitude except that my name is being used by the promoters of that convention in such a way as to convey the impression that it has my approval and as a result some of my friends in different parts of the country contemplating attending the St. Paul convention. Because of these facts I feel it my duty to state my view frankly.

"I have no doubt that very many

of those who have participated in bringing about the St. Paul convention have been actuated by the purest desire to promote genuine political and economic progress.

"Nevertheless, in my judgment the June 17 convention will not command the support of the farmers, the workers or other progressives because those who have had charge of the arrangements for this convention have committed the fatal error of making the Communists an integral part of their organization.

"The Communists have admittedly entered into this political movement

not for the purpose of curing, by means of the ballot, the evils which afflict the American people, but only to divide and confuse the progressive movement and create a condition of chaos favorable to their ultimate aims. Their real purpose is to establish by revolutionary action a dictatorship of the proletariat, which is absolutely repugnant to democratic ideals and to all American aspirations. The official declarations of the workers party show clearly that they are seeking to use the farmer lobby, as well as Miners and other

"Reposing complete confidence in the soundness of the deliberate judgment of the American people, I have no apprehension that the Communist party will ever command any considerable support in this country. I do not question their right under the Constitution, to submit their issues to the people, but I most emphatically protest against their being admitted into the councils of any body of progressive voters. The Communists stand for the substitution of the

soviet form of government for the one we now have and propose to accomplish this change through a revolution with a class dictatorship as their ultimate aim instead of a democracy.

Republican conventions will demonstrate to the people whether either of those parties can and will purge itself of its corrupt elements, and thus have long dominated them. This cannot be accomplished by merely nominating some alleged progressive and filling the platform with misleading promises. It demands the elimination of monopoly control, the downfall of the corrupt political bosses, the adoption of truly progressive principles and the repudiation of those great economic contributors who have in the past brought up both parties.

"If this is not done a long, suffering, and richly deserved national reprobation will be the lot of the nation."

people will find in the coming campaign effective means independent of both these old parties, to take back control of their government and make it truly representative.

ST. PAUL, Minn., May 28.—The National Farmer-Labor convention to be held here June 7 will not be called off on account of the opposition of

"Arrangements have all been made for the gathering," he said.

RIGHT WILL BE GRADUATED AT VANDERBILT

Prof. J. T. King Will Be Commencement Speaker Even- ing at June 4.

CLASS SERMON SUNDAY

Special to The Courier.
VANDERBILT, May 28. — Eight students of the Vanderbilt School will be graduated at the commencement exercises to be held at the school auditorium Wednesday evening, June 4, at which time Prof. J. T. King, principal of Monroeville Township High School, will deliver the annual address. The eight have passed in all of their examinations for high school entrance, while there are five more who probably will graduate when they have completed their examinations. County Superintendent John S. Carroll will present two diplomas to the two honor students, six certificates to the other graduates, and two J. O. Peterson writing certificates. James Reynolds Whiteaker and Marjorie Mae Morris will receive the diplomas, while Helen Betty Hinger, Nellie Cavalcante, Catherine Elizabeth Shalenderger, Sophia Miller, Nettie Belle Macomber and Wesley Strach will receive certificates, and Nettie McGorrick and Nellie Cavalcante the writing certificates. The school officials are preparing for the Dunbar Township High School orchestra to furnish the music for commencement night, which is one day prior to Dunbar's commencement night.

Glen Carpenter, acting pastor of the Christian Church, will deliver the sermon to the class on Sunday evening, June 4, at the Christian Church. Principal Bert S. Means extends a cordial invitation through the columns of The Courier to the people of Vander- bilt to attend both the baccalaureate sermon and the commencement exercises.

The class motto is: "Steive and Succeed." Orange and black are the colors. The rose was chosen as the class flower.

The teachers are: Principal Bert S. Means, Misses Mary Zekka, Hazel Steiner, Hazel Cleveland, Henrietta McLaughlin and Virginia Edwards.

The board of education is composed of G. C. Collins, president; D. W. Bailey, P. H. Tolchert, W. A. Cosgrove and Dr. G. B. Roberts.

"Joek" Menace shines.

The Divada Independents held a strenuous practice last evening at the Dickerson Run Y. M. C. A. grounds. "Joek" Menace was on the job and made an excellent showing. "Joek's" ability is unquestionable after he is seen in action once, and from all indications, he'll make it "hot under the collar" for the Fairchance Blues, who will be the attraction at the Y. M. C. A. grounds for both morning and afternoon games on Memorial Day. While one bunch was practicing, another outfit was busy erecting the backstop. The uniforms will be received this evening, and the players will make their appearance in them on Memorial Day. With the "Divada" across the front, and the monogram "V. A. C." in a diamond background, the uniforms make a classy appearance.

64 Attend Dance.

One of the largest and best social functions ever known to be held in this community was that last evening at the Dawson Driving Park, where the Sacred Heart Church of Dawson gave a dance and supper party that was attended by more than 500 persons. The floor was filled at all times, with close to 200 couples dancing every section. Refreshment were served by the committee. About 15 card tables were in use.

Rev. L. A. Glenon, pastor of the Sacred Heart Church, was in charge of the affair. Committees were: Door, Martin Adams, F. B. Madden, Michael Glass, P. J. Bradley and Frank Brown; refreshments, Mary Smith, Elizabeth Bradley, Gertrude Eberharder and Sarah Duffy; door, Charles Gant, Jacob Ketter, Joseph and Andrew Luxner; chaperon, Mrs. F. J. Bradley, Mrs. Martin Adams, Mrs. Charles Gant, Miss Elizabeth Lewis, Mrs. Frank Madden, Mrs. Edward Riley and Mrs. Andrew Luxner. Constable Charles Moon of Lower Tyrone township, kept vigil over the automobiles.

Out of town guests were from Vander- bilt, Perryopolis, Star Junction, Connelville, Uniontown, Scottsda- le, Leasburg No. 1, Trotter, Dunbar and numerous other towns.

Fine New Ambulance.

One of the most modern ambulances in the community has been purchased by B. M. Wade of Perryopolis, joint funeral director with F. B. Galley, Mr. Wade expects to use it for emergency cases throughout the county, whenever he is called. The ambulance is equipped with a 50-horse power motor, balloon tires, aluminum plate disc wheels, and a bell, instead of a horn, that is operated the same as a horn. A portable bed, placed on wheels, is inside the ambulance, and a seat for one to watch the patient, is also inside. Doors are on both sides and on the rear. The windows are equipped with cathedral glass. A heater is also in the rear of the car. Seventy miles per hour is possible.

At Work Funeral.

Among those who attended the funeral service for W. S. Work this afternoon at his late home at McDonald, Washington county, were Mr. and Mrs. J. W. Groom and Mr. and Mrs. C. M. Frost and C. F. Oglevee of Uniontown. Mr. Work is a cousin to Judge J. C. Work of Uniontown.

Jupe Naps Slaughter.

Justice Phylus pitted the Vander- bilt Black Socks yesterday afternoon while they were trailing the Scotts- dale Cubs by a score of 13-7, and

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth.

S. S. S. since 1876, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

S.S.S. Makes You Feel Like Yourself Again

shed a downpour of tears that halted the game in the fourth inning. Anderson started the game but was followed by Joe Washington. Joe swatted a homer in the third inning, that was said to be one of the longest hits on the grounds, the ball sailing over the cornerfield fence.

Persons.

John Zimmerman attended the Junior-Senior prom at the Perry Township High School last evening. John Shofranko has completed the improvement work on his home in Pittsburg street.

"The whole town, in general," attended the dance at Dawson Driving Park last evening, by all appearances. The town was dead at all hours.

Medley Johnson and Howard Addis were calling on friends in Uniontown last evening.

Protection at a Very
Small Cost!

Weather Like this Emphasizes the Need of a "Leonard Cleanable" Refrigerator!

From all indications—the warm weather is now with us to stay. And if you want to keep your foodstuffs sweet, fresh and wholesome—keep them from spoiling and at the same time safeguard your family's health—you'll need a "Leonard Cleanable" Refrigerator.

Complete Home
AARON'S
Furnishers Since 1891

The "Leonard Cleanable" is scientific-ly constructed to afford every possible food protection—at a cost for ice that is surprisingly low. And if you'll just investigate its many superior features—it's the ONLY Refrigerator you'll have for YOUR Home.

With all these Superior Features—"Leonard Cleanable" Refrigerators Cost No More than the Ordinary Makes!

The "Leonard Cleanable" is lined with smooth, hard, one-piece porcelain with rounded corners—making it easy to clean.

Cold, dry air circulation is constantly maintained on highly scientific principles assuring an evenly distributed temperature reaching every point in the provision chamber.

The shelves are made of open woven wire mesh—heavily reinforced and placed on aluminum pegs—permitting a free, unhampered circulation of dry, cold air.

The drain pipe and trap is located where it is easily accessible—but not in the way. It is made of non-rusting material and hits out easily for cleaning.

Ten heat-resisting walls of insulation keep the cold air in and the warm air out—insuring the greatest possible economy of ice consumption and the utmost efficiency of satisfactory operation.

The porcelain lining comes way to the edge of the outside door frame—leaving no wood exposed anywhere on the inside.

The ice rack is made of heavily galvanized iron. Will not rust or leak and sets well down in the ice chamber—out of the way.

The door sill and the floor of the provision chamber are perfectly even—thus making cleaning much easier than where the floors are sunk below the door sill.

SHIPMENT OF PIKE-PERCH AT MOUNT PLEASANT

Stocking Fish Were to Be Distributed Today by Sportsmen's Club.

PICNIC PLANS DISCUSSED

Special to The Courier.
MOUNT PLEASANT, May 23.—Word was received yesterday by Dr. John R. Muddon, secretary of the Mount Pleasant Hunting and Fishing Association, that a shipment of pike-perch from the hatchery at Erie would arrive in Scotland in the next few days. Plans were made by the members to get the fish and have them distributed.

The picnic committee of the association has discussed dancing as a feature of the picnic, July 23, and is considering whether it is a good plan to hold it at Kelp's Grove and build a dancable pavilion or at some other place where dancing is a feature. Another meeting will be held next Monday evening.

To Visit Infants Hospital
The Infants Hospital Society yesterday named a committee to be taken by Mrs. Hymus Glick some time next week to visit the hospital to look over the hospital equipment there. It was decided to make the hospital benefit an annual affair. The radio will be installed in the hospital some time in the near future.

Powder Placed in Shoes Brings Quick Relief From Rheumatic Pain

"God Bless The Man Who Discovered The Healer,"
Writes Grateful User.

Thousands of former rheumatic sufferers are now praising Alessandro Volta, the well-known Italian physicist (for whom the electric volt was named) and his discovery which he has called Volta Voltin is a scientific combination of certain ingredients which its discoverer has compounded into a fine powder. This powder is not taken internally, but is shaken into the shoes, from which it is intended to be absorbed into the blood stream through the myriad pores of the feet. This absorption is due, no doubt, to the fact that the feet contain 10 times as many pores as the square inch as are found in any other part of the body. The secret of Volta powder to relieve rheumatic pain so quickly is due to its tendency to eliminate excess uric acid which poisons the system (through the blood) and thus causes the torture of Rheumatism. The use of Volta powder has demonstrated such astonishing results in literally thousands of cases, many of which were considered hopeless, that the American distributors have authorized local druggists to dispense Volta to Rheumatic sufferers in this city with an unqualified guarantee to return the full purchase price of the first box in any case where the rheumatic pains are not wonderfully relieved. All who suffer from rheumatic pains, no matter how long-standing their cases may be, should take immediate advantage of this liberal offer. You can get Volta Powder from all good druggists everywhere.

Spray or sniff it into the nostrils, night and morning for a week or until the mucous has gone and the nostrils are clean and clear.

That's all there is to it—if you really desire to get rid of obnoxious catarrh and the pernicious germs that cause it—start today.

If your catarrh isn't gone in a week—get your money back.

Kojene is four times as powerful as Carbolic Acid, yet you can drink it with no ill effects. Read the directions for Kojene should be greatly diluted before using—that's what makes it such an inexpensive antiseptic. Advertisement.

MOTHERS AND THEIR CHILDREN

A Record of Baby Sayings.

My little ones say so many quaint and humorous things which it would be a pity to forget, that I decided to jot them down in a note-book. They will enjoy reading them over themselves in years to come. So often mothers remark: "I wish I could recall what Sonny-boy used to call potatoes." This plan of keeping a record of the early days is worth the small amount of time and trouble involved.

SAFETY FIRST AT ALL TIMES BY EVERYBODY URGED ON KIWANIS

A convincing plea for more complete cooperation between employers and employees, greater carelessness and thoughtfulness on the part of individual workers and more active interest by people as a whole, as the essential to the reduction of accidents in the industries, was made today before the Kiwanis Club by Wilson W. Ritter of the State Department of Labor and Industry.

In a talk that was replete with humorous illustrations and facts established by experience in the work of the state in an effort to reduce the casualty rate in the occupations, Mr. Ritter caused his hearers to fix their minds upon the difficulties and responsibilities of the problem with which the accident preventions have to deal.

"If," he said, "the newspapers were to announce in bold headlines that a catastrophe involving the loss of 775 lives and the maiming of 6,739 persons had happened in Pennsylvania, the public would stand aghast. But this has occurred, but not in a single day. The fact that these casualties were spread out over the first four months of this year, and occurred in many different places instead of a single locality, causes them to be lost to view."

"The injuries sustained by these not killed involved the loss of 33 legs, 25 arms, 54 hands, 52 feet, 252 eyes and 528 fingers."

"The contribution of Fayette county to this was 22 fatalities, 13 in the mines and four in public utility service."

"Through the operation of the Workmen's Compensation Bureau the state is doing a splendid work in compensating the injured. Since January 1, 1916, \$16,168,123 has been paid in compensation."

Mr. Ritter concluded his address with a plea for the practice of safety at all times and by all persons.

Members of the G. A. R. who have been visiting the public schools preparatory to the observance of Memorial Day were guests at the luncheon. Seventy-six members were present.

Dr. J. V. O'Donovan was winner of the attendance prize donated by Ralph K. Long.

Funds to Float Road Bond Issue Needed by Highway Department

By United Press. HARRISBURG, May 28.—Failure to provide funds to float the \$50,000,000 bond issue, approved last October today blocked efforts of the Highway Department to effect sale of the bonds.

Auditor General Samuel S. Lewis told Secretary Wright's engineering assistant, Connolly, of the Highway Department today that he saw no possible way of disposing of the issue at this time.

Until the legislature passes an appropriation to pay the cost of printing and advertising the bond amendment may not be carried out, according to Lewis.

The last \$50,000,000 bond issue was floated with an appropriation amounting to \$50,000.

A. E. Bacon Heads Templars. WILKES-BARRIE, May 28.—Arthur E. Bacon of Pilgrim Commandery No. 11, Harrisburg, was elected grand commander of the Grand Commandery of Pennsylvania, Knights Templar, to succeed Henry Hippie, Lock Haven, by the 71st annual state convocation here today. The convocation next year will be held at Harrisburg.

AFRAID SHE COULD NOT LIVE

Operation Advised, But Lydia E. Pinkham's Vegetable Compound Made It Unnecessary

Glasgow, Kentucky.—"I was run-down, nervous, with no appetite. My side had given me trouble for five or six years. At times it was all I could do to live, and the doctor said I couldn't live but a short time longer. I was in a hospital for two years ago. My sister-in-law recommended Lydia E. Pinkham's Vegetable Compound. She had never used it herself, but she said I had a fine appetite to eat anything that was put before me, and I began to do all my work and my wishing, some dreamer, and this last fall I began taking the Vegetable Compound again. I am on my fourth bottle, which makes better when I take it and my appetite improves, and I feel stronger in every way. I am a very nervous woman and it seems to help my nerves so much. I am a very nervous woman and it seems to help my nerves so much. I am a very nervous woman and it seems to help my nerves so much."

Proper Garb for Hiking and Camp

Knickers Popular; Must Be Accompanied by Wrap-Around Skirt

With balmy days of spring the question of knickers again becomes a pertinent issue among the feminine adherents and antagonists of this type of dress, notes a fashion writer in the New York Herald-Tribune. The change of sentiment in the past few years toward this not always graceful garb has been curious. Fashionable resorts, where a few seasons ago a knickered girl was the object of staring amazement, have become inured to the custom, and today this mannish costume attracts not the slightest attention.

Yet, like every vogue, the fad has been vastly overdone. Admitting the utility and common sense of knicker-bockers under certain conditions, it is equally apparent that they are distinctly demure for other occasions. For long motor trips, camping and hiking they are quite appropriate, always providing that the wearer can make a graceful figure. If, however, during the course of a walk or motor journey, a stopover at some hotel is intended, it is absolutely essential to add a wrap-around skirt to the costume—to be worn upon arrival at the hotel.

It is important to remember that a long motor trip tends to new places and different people, who may not

share the ultra-modern ideas on dress. As far as clothes are concerned, a prophet is always without honor in a strange country, and consideration for the temporary host should dissuade one from imposing on his hospitality in any manner that might be distasteful.

While knickers are countenanced for golf, curiously enough they are decidedly banned in tennis. And even in golf a wrap-around skirt will always lend more grace to most players. For all other occasions, even for morning and informal afternoon wear in the mountains, good taste demands that clearly feminine dress be worn. Let the knicker and the sub-deb romp around in garb very like their brothers. Youth is theirs, with all its privileges. For the debauche of the mature woman, however, the grace and dignity of the simple line frock are far more appropriate. And she will confine knickers to the occasions for which they were originally intended.

Find Teeth of Mastodon
Muncie, Ind.—Two teeth and a thigh bone about three feet long, unearthed by workmen near here, are remains of a mastodon, in the opinion of Richard A. Cokers At Home For First Time in Week; Martin Club Here Tomorrow Afternoon

Visiting Team Is Crack Organization; Has Lost Two Out of 14 Games.

PLAY BEGINS AT 4.45

The Connellsville Independents have scheduled a game for Thursday evening that should be a drawing card in mid-season. The Martin Club of Madison, a crack semi-pro aggregation, with a record this year of 12 games won out of 14 played, will be here. The game will be called at 4:45 o'clock.

The Cokers are certainly extending themselves to give the baseball public of this city games worth seeing. In turn the public should appreciate by its presence. There are bleachers available for several hundred and the grandstand provides good seats for men accompanied by their wives or girl friends.

The locals have a team of fine athletes in their line-up. It is not a squabbling organization, presenting every decision of the umpire. In fact, the outfit is composed of ball players. In there to win on the square. It is a group that may well be proud of.

In the Cokers, Connellsville has a team that ranks well up among the best in ball circles. It is now up to the individuals to determine whether this team can continue to function and Connellsville has always been known as a good sports town.

In the Martin team will be some of Western Pennsylvania's best known players. "Lefty" Hand, former Connellsville, and one of the best hitters in independent circles, will probably be on the mound.

On Friday Connellsville is away from home, playing two games at Altoona. On Saturday the team plays the Uniontown Lions at the county seat.

FORMER DUNBAR TWP. PLAYER IS LEADING BETHANY SLUGGERS

BETHANY, W. Va., May 28.—When the Grove City Nine comes to Bethany for a double head tilt with the Blasons they will run up against some strong opposition for the Bethany aggregation is raring to go after having had a 20-day rest which was brought about by cancellations on account of bad weather.

One of the men the Groves will have to look out for is Arthur A. Brown who is leading the Blason hitters by a good margin. Brown is from the same school that gave Harry Randolph, Blason 1923 pitcher, to

Scottdale Will Meet Terminals On Memorial Day

The Scottdale Terminals will be at Scottdale on Memorial Day for two games. The morning and the second game at 2:15 o'clock in the afternoon.

Included in the Scottdale line-up are: Conaway, one of the best known outfielders around the Carnegie section, having played with Harwood, Sheraden, and several other well known clubs in addition to playing with Scottdale. Sahr, remembered for "Red" Sahr, who played first base for Yale college and who was with St. Louis a few years ago. Joyce came to Scottdale from the Fifth Marine Corps of Paris Island. He was a member of the famous club which won the national league title in exhibition games and the club which won the name of amateur champions of the world.

Brown, the catcher, who is also manager, is a member of the famous Scottdale team. Brown came to Scottdale from the famous club which won the national league title in exhibition games and the club which won the name of amateur champions of the world.

JEANNETTE DEFEATS INDEPENDENTS, 1-0, BY FAST FIELDING

Jeannette won over Connellsville yesterday, 1-0, in a hard fought struggle at the first town. Thrice the Cokers seemed sure to score and only exceptionally fast, high calibre fielding by the home club checked their progress. In the first, third and sixth Jeannette uncocked double plays and killed the scoring chances of the visitors.

Of the six hits scored by Connellsville, Jeannette grabbed two and J. Smith threw. Good got the other. The visitors could only garner five safeties off Carroll.

The scores by innings: Connellsville — 0 0 0 0 0 0 — 0 0 0 Jeannette — 0 1 0 0 0 0 — 1 0 0 Carroll and J. Smith: Dragmond and Cooley.

Sporting Notes: Pittsburgh's Pirates again won another extra inning game yesterday. The Chicago Cubs, 5-4, in defeating the Detroit Tigers, 4-3, in the tenth. The defeat headed off the Braves, who are giving the Giants a merry chase for top position. Kremer was strong until the ninth when three hits were clustered while only one was pulled and Johnny Morrison was rushed into the breach as a relief twirler.

The Somerset High School football team has elected Lloyd Saylor captain for the 1924 season. He succeeds Harold Kaummer.

The Cokers have not been home for a week, but have been playing ball regularly. They are not hitting their stride and the game tomorrow afternoon will be the first opportunity of local people to see the team in action since last Thursday when the Cuban Ex-Giants were defeated.

The New York Yankees and Boston Red Sox remain in a tie in the American League. Neither team was able to play yesterday, because of rain.

The Baltimore and Ohio shops team will play the Footbal Grays here in two games on Memorial Day. The games will be at Uniontown on Saturday.

Connellsville is at Uniontown on Saturday. It is likely a delegation of fans will attend that game to root for the home club. The big time here, however, will be when the country-siders come to Connellsville.

NINE HIGH SCHOOL TRACK MEN WILL GO TO PITTSBURGH MEET

Meyersdale

MEYERSDALE, May 28.—The dedication services of the new Church of the Brethren, Sunday, were held according to the program published last week. At the three services the church was crowded with members and their friends. Many former residents returned for the services and it was a memorable day for all.

The annual May procession was held in St. Philip and James Catholic Church Sunday evening with a very large congregation present. At this time the beautiful statue of St. Anne, a gift of Mr. and Mrs. John Stacer, was blessed. The pastor, Rev. J. J. Brady, was assisted in the services by Rev. Father McAdams of Westport, Md., who delivered a most eloquent sermon. Rev. Father Quinn of Freeburg, Rev. Father Brennan of Millard, Father Miller of West Salisbury and Father Gallagher of Somerset were also present.

Mr. and Mrs. Barney Smith and their son-in-law and daughter, Mr. and Mrs. Thomas Carter spent Sunday in Cumberland visiting the former's daughter, Miss Pauline Smith, who is recovering from an operation recently performed in the Allegheny Hospital.

William Blake, John Blake, Miss Margaret Blake of Cumberland and Miss Ruth Fuller of Freeburg, motored here Sunday and were guests at the Weber home on High street.

Miss Theresa McMurrer of Pittsburg is spending a few days here with friends.

Miss Cecelia Kelley of Pittsburg is visiting her parents, Mr. and Mrs. J. P. Kelley.

Mr. and Mrs. Robert Forney of Pittsburg are spending a few days here with relatives and friends, having come up to attend the dedication of the Church of the Brethren.

Little Breakfast Coat That Appeals to Women

Here is a charming and dainty breakfast coat in warm green over woodcut brown, brightened by a cluster of bright red grapes on the shoulder.

Collars, Cuffs, Vests

Add to Charm of Suits

Many a new dress is made by the collar and cuffs with which it is trimmed. Many an old one is so revived that it will serve double time by just a touch about the neck and sleeve of crisp organdie, trimmed perhaps with a bit of real lace or a blending of color.

A season that features suits is particularly one when neckwear is good, for many and charming are the vest and collars that appear in the shops to accompany the new suit. Women who do not like blouses find in these vests their answer to the blouse problem and the vests do not fall from them.

They are made of many different fabrics and there is no counting the many different trimmings used to make them more attractive. They come with round collars, with pointed collars, with shawl collars and some get frivolis enough to show frills down the front. On some this is a narrow double ruche that runs up the entire front of the vest to meet the collar. In such a case it is held through the center with a row of tiny pearl or linen-covered buttons.

Of Oriental Mode

A great deal of silver is in evidence perhaps as a phase of the oriental mode. Big bracelets of tarnished silver vie with bright silver chains and earrings of exquisite filigree. Cosmetics, too, have many silvery touches.

Square-Necked

The square-necked, short-sleeved robe dress is developed in many materials and combinations of materials.

Timely Reminders From

Tobacco Plants—Reports indicate that there is likely to be a scarcity of good tobacco plants in Pennsylvania this year. Good seed is scarce and the stand is none too good in many beds. Growers are urged to take good care of the plants they have.

The Poultry Flock—If you have collected all your hatching eggs, remove the males from the flock. Fertile eggs lose their market quality rapidly, especially during warm weather. Either sell the males now while

prices are good or pen them by themselves.

Wash the Milking Machine—Thorough washing of the milking machine is essential in the production of clean milk. All parts of the machine should be sterilized with steam or boiling water every day. An ordinary wash boiler can be used to good advantage. The parts are placed in the boiler with the lid on and the water heated to 150. The boiler

is then removed from the stove and the parts left in the water until the next milking.

Late Garden Crops—All the first garden crops have been planted but it is not too late to plant lima beans, without celery and egg plants. If you have not transplanted your peepers and tomatoes, they may be safely set in the garden now.

Milk From T. B. Cattle—Milk from tuberculous cattle may spread disease to any animals drinking the milk. It should never be fed without being heated at least to scalding temperature, or held at 145 F. for 30 minutes. To be certain of safety, it is best as a practical measure, to boil the milk.

The Paramount

"CAUSE FOR DIVORCE" showing today and tomorrow at the Paramount, presents Fritz Brunette and David Butler in the stellar roles. Daniel Boone, a true story of the great Kentucky pioneer the fifth of his "Chronicles of America," is also an attraction.

"Cause For Divorce" by Thelma Lauder is one of those rare tales for which producers distributors and showmen are continually searching and Hugh Dierker was quick to recognize its value and to give it just the company director settings and photography which were needed to visualize it adequately.

The story revolves around the theme that there are always two sides to every question and that even a supposedly innocent person may be somewhat to blame for the wrong doing of his associate. This motive is vividly illustrated by two young wives, each of whom is almost wrecked on the rocks of loneliness. How each at the crucial moment is saved from the degradation of an illicit love affair and how the husbands are brought to the realization that wives like rare flowers need constant loving care if they are to blossom and shed the fragrance of happiness around their homes, makes an absorbing photoplay.

Friday and Saturday "Yankee Speed" will be shown

The Soisson

"RUPERT OF HENTZAU" the feature picture today at the Soisson features a cast of celebrities, each one ideally suited to the part he portrays.

The story in itself is a thrill a minute but in the screen adaptation the imagination does not have to be stretched at any time as the wonderful portrayal of the principles of Victor Hugo—man leaves nothing to be desired from a thrill standpoint. It is absolutely guaranteed to keep even the most blasé on the edge of their seats through every foot of the film.

The most wonderful cast ever assembled for any single production were given the principal roles. The public has become so fed up on those so-called "star" casts that they could hardly be blamed for being skeptical every time they hear the word used but a very pleasant surprise awaits them in Rupert of Hentzau as each of the stars in this galaxy of stars are Elaine Hammerstein Bert Lytell Low Cody Claire Windsor Hobart Bosworth Bryant Washburn Marjorie Daw and a number of others who have already endeared themselves to the picture-loving public.

Thursday, Friday and Saturday Pauline Frederick and Lou Tellegan will be seen in "Let Not Man Put Asunder."

The Orpheum

"THE WHITE SISTER" on view today and tomorrow at the Orpheum is a screen version of the famous novel by F. Marion Crawford. Sheer beauty is the outstanding feature of the picture. Henry King, director of "The White Sister," has obtained from locations which can never be equaled for their exquisite beauty. The superb Latin places beautiful verdant time-worn monuments in fact all the beauty of Italy, has been poured into this picture.

"The White Sister" was chosen as the first film to be produced entirely overseas. It has been the outstanding triumph of the present motion picture season and the work of Lillian Gish, the screen's greatest actress, in the leading role, has been characterized as better than anything she has ever done in the past.

Besides Miss Gish the cast includes Ronald Colman a newcomer to the screen who has scored a sensational success, J. Barney Sherry a motion picture pioneer, Gail Kane, heroine of many Broadway successes.

Iron Bridge

IRON BRIDGE May 25—William Howard of Calumet was here with friends on Thursday evening.

AGAIN DOES OWN HOUSE-WORK

Relieved of Severe Backache and High Blood Pressure by "Dreco."

Mrs. Neenan Does Own Cooking, Washing and Ironing for First Time in Years.

Among the thousands of sufferings there are to be found more than those equipped and tortured with backache. Yet there is a way out in opportunity to get welcome relief if they only listen to those who've tried Dreco the remarkable old-fashioned tonic which is being liked about so much all over the country.

I've only taken three bottles of Dreco so far, declared Mrs. Belle Meelan 165 South Ferry street, Dayton, Ohio in a recent signed statement, "but just this little has done me so much good that I can do my own cooking, washing and ironing again for the first time in over a year."

The way I got around now is a surprise to everybody who knew how I suffered and ached for the last year. At night when I get in bed I can get up several times during the night. My appetite is better than for years, and the high blood pressure seems to be greatly relieved.

"My bowels are regular and easy and this means to make me feel better all around. I can't recommend Dreco too highly for its certainly one grand medicine."

Dreco is for sale at all druggists and is being specially introduced here by Connelville Drug Co. and in Scotland by Hoffman's Drug Store—Advertisement.

His smile was grim and his voice
defiant. "There was a man up in the
hills I wanted to see in a hurry."

For the look in her eyes it was as if
he had struck her. With fine contempt
her answer came. "Was there another
man up there in the rocks just now
that you had to see until the deputy
left?"

"Anyhow, there was a young woman
down by the banks of Shoshone I
wanted to see after he was gone," the
ranger claimed boldly.

A faint angry flush glowed delicately
beneath the olive of her cheeks.
"Rangers—nothing but evasions."

She turned away, sick at heart. He
had treated with diplomacy the chance
she had given him. Would an innocent
man have done that?

Swift as an arrow his hand shot out,
caught her shoulder, and held her firmly.
"The eyes that looked to his named
with proud resentment."

"I'm not going to let you go like this.
Don't think it."

"You'll do me justice first," his
hand dropped from her shoulder, but
the muscular look of his stared her
stare. "You'll tell me what evidence
you've got against me."

Again an impatient hope warmed
her heart. Will he might be, but
surely no criminal—if there was any
truth in faces.

What she had heard against him she
told. "The robbers were riding horses
like yours. You left the fair grounds
early. When you passed us on the road
you were anxious about something."

Both you and Mr. Carter showed you
were in a hurry. Then you ran away
before the sheriff reached your camp.
Does an innocent man do that?" She
put her question as an accusation, but

Strong, Clean-Eyed and Masterful, She
Knew Him a Man Among Ten Thousand.

In the voice was a little tremble that
asked to be refuted.

"Sometimes he does. Now listen to
me. The horses ridden by the robbers
were Colter's and mine. We certainly
were worried about the time we met you. And we were so sure the sheriff
in a hurry. Does this prove me guilty?"

She had away the soft waves of
dark hair that had fallen over her forehead
in little sweeping tendrils. This
fearless level eyes met the outdoors
west were looking straight at her.

"I don't know. Does it?"

"We'll say this evidence had piled
up against Captain Kilmeny in-read
of against me. Would you have be-
lieved him guilty?"

"No. He couldn't have done it."

"On the same evidence you would
acquit him and condemn me. Is that
fair?"

"I have known him for years—his
standards, his way of thinking. All
his life he has set out himself to
run a straight course."

"Whereas I—?" He waited, the san-
donic frosty smile on his lean strong
face.

Moss knew that the flutter of her
pulses was telling tales in the pink
of her cheeks. "I don't know you."

"I'm only a workman, and an
American at that—so it follows that
I must be a criminal," he answered
with a touch of bitterness.

"No—no! But you're different.
There's something untamed about you.
I don't quite know how to put it—as
if you had been brought up without
restraints, as if you didn't care much
for law."

"Why should I? Law is a weapon
to bolster up the rich and keep down
the poor," he flung back with an acid
smile. "But there's law and law.
Even in our class we have our stand-
ards, such as this are."

"Now it's you that don't fair," she
told him quietly. "You know I meant
nothing, like that. 'The poor'—that
I don't know what your people
are. Law doesn't mean—"

Don't Envy Me

Youth and Beauty Are at YOUR Command.
By Edna Wallace Hopper.

I made my self a beauty for
25 years, as a stage star I have played
a beauty's part. I have kept that
beauty. At a grand mother's age I
retain by youthful bloom.

I owe this to four great beauty
helps, perfected by French experts.
They form, I believe, the greatest
beauty helps in existence. They have
brought to many of my friends just
what they brought to me. I am con-
vinced that millions can obtain like
benefits from them. So I am now
placing these supreme helps at every
woman's call.

White Youth Clay
One is my White Youth Clay. Not
like the crude and muddy clay so
many still employ. This is a super-
clay, white, refined and subtle—per-
fected by 20 years of scientific study.
Its results will amaze and delight
you.

Youth Clay purges the skin of all
that clogs or mars it. It revives the
skin—makes it clear and rosy. It
wrinkles, reduces enlarged pores. It
multiplies one's beauty. And my girl-
ish complexion shows how it keeps
one's youth.

Many women seem to drop ten
years with one application of White
Youth Clay. The cost is 50c and 75c.

Two Master Creams
My Youth Cream is my cold cream.
It contains products of both straw-
berry and lemon, also all the best
that science knows in restoring the
texture of the skin.

I apply it after the clay. Also as a
night cream also daytimes as a pow-
der base. Never is my skin without it.

In all my world-wide search I never
found another cream which brings
comparable results. The price is 60
cents.

My Facial Youth is a liquid cleans-
er which I found in France. It con-
tains no animal, no vegetable fat. The
skin cannot absorb it so it cleans
to the depths, then departs. All the
refuse, all the dirt and grime come
out with it. No other method leaves
the skin so clean.

The greatest beauty experts now
advise this cleanser, but they charge
25 for it. My Facial Youth costs 75c.

My Hair Youth
My hair is my chief glory. It is
heavy, silky, lustrous and grows 6 in-
ches every year. I have never known
dandruff, falling hair or gray hair.
The reason lies in my Hair Youth.
It is based on 16 times of hair study.
I apply it with an eye dropper, direct-
ly to the scalp. There it combats the
hardness, oil and dandruff which
clogs the hair roots. It stimulates and
fertilizes. My luxuriant hair shows
what that means, both to men and
women. My Hair Youth costs 50c
and 75c.

All druggists and toilet counters
now supply Edna Wallace Hopper's
products. So all who wish may now
enjoy these matchless beauty helps.

Try one and you will see them all.
Go now and learn how much they
mean to you. With each one comes
my Beauty Book and a guarantee.
Edna Wallace Hopper, 636 Lake
Shore Drive, Chicago.—Advertise-
ment.

lance-straight girl whose sweet vivacity
was at once so delicate and so gal-
lant. Instantly his palm met hers.

"You're quite sure now that I didn't
do it?"

"Quite sure."

"Even though I'm wild and law-
less?"

"Aren't you?" she dashed back with
a smile that took from the words any-
thing they might otherwise have had.

Mirth overflowed in his eyes, from
which now many little creases radi-
ated. "You're a good one, neighbor."

But since you will have it, I am I
reckon my standard, even to honesty
wouldn't square with yours. I live in
a rough mining camp where questions
have two sides. It's up to me to play
the game the way the other fellow
plays it. But we'll not go into that
now."

Strong, clear-eyed and masterful, she
knew him a man among ten thousand.

He might be capable of great sin, but
what he did would be done with his
eyes wide open and not from innate
weakness. Her heart sang jubilant-
ly. How could she ever have dreamed
this crime of him? Her trust was now
a thing above any evidence.

"And you'll sit down with me now
if I ask you, neighbor," he laughed.

She did not wait to be asked, but
sat down, tall and fashion, and looked
expectantly up with a humorous lit-
tle twist of the eyebrows. Flashes
of dappled sunlight played on her
through the moving leaves and accent-
ed the youthful bloom of her face.

With a sigh of content he stretched
himself on the sun-warmed loam. "It's
sometimes a mighty good world, neigh-
bor," he said.

"I'm thinking that myself," she

laughed, looking softly out of
her eyes.

The sun lit the tips of the pines, so
that they looked like burnished lance-
in battle array, poured its beams over
the scarred hillside, and bathed the
little valley in effulgent glory.

"You can always find a somewhere,"
he said with down content, leaning on
an elbow indulgently.

She asked for no antecedent to his
pronoun. What he meant was not
ambiguous to her.

"If one knows where to look for it,"
she added softly.

"That's the trouble. We get so busy
with our little everyday troubles that
we forget to look. But the joy of life
is always there if we'll forget our
grouch and see it."

"Yes—if having eyes we see."

"I'm comforted a heap to know that
you believe in me—even if I'm not
Captain Kilmeny," he assured her with
his slow rippling laugh.

And he had been looking at her he would
have seen the telltale color tide her
cheeks. "If that is a comfort you are
welcome to it. I might have known
the idea of connecting you with such
a thing was folly."

He glanced whimsically at her.
"Don't be too sure of your neighbor,
I'm likely to disappoint you. You'd
have to make a heap of allowances for
me if I were your friend."

Be Sure This Time!

When you are getting ready to have your house painted, it is important to remember that there are two essentials for every perfect job of painting—a good surface and reliable paint.

The time spent in thoroughly cleaning and preparing the surface to be painted will be repaid many times over in the added years of wear that can be expected from a paint applied under proper conditions. Hanna's Green Seal Paint goes furthest.

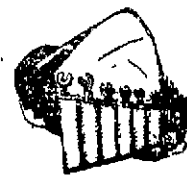

Hanna's Green Seal Paint
Saves a lot of money every year—because the paint is so long-lasting and wears longest.

Before You Invest Investigate

Will your home be an investment or a liability?

If it always looks well and gives service and comfort without large paint and repair bills; if it is built for permanence, so that walls and floor do not sag or decay; if you can heat it with less fuel and make the combined savings help pay the building loan—it is an investment.

But you can't invest in shoddy construction. You must have enduring structural strength.

Concrete Masonry homes built with durable concrete building units are approved by Secretary of Commerce Hoover's Building Code Committee. They are the most economical construction material in first and last cost.

And Portland Cement Stucco as an exterior finish, in any of its attractive tints and textures, is as enduring as the concrete wall you place it on. Portland cement is the only stucco material made universally to standard specifications of the government and leading engineering societies.

Concrete Masonry Homes are Durable, Economical, Healthful — and they Represent Permanent Wealth.

"A Plain Talk on Beautiful Homes," is an interesting, attractively illustrated book for home builders. Write today for your free copy.
